

WAIF ~ PETS OF THE WEEK!

Cher 

Help! Sonny has been adopted without **Cher**. Sonny and Cher came to the Freeland Cat Center together over a year ago. Now that her constant companion has found a home, we are hoping Cher will find a family of her own also. This queen size all black cutie is such a sweetheart. If you are looking for a new family member please consider Cher - you won't be sorry!

Bart 

Bart is an older Rottweiler/Shepherd mix about 75 lbs. with a hitch in his gait. But sweet Bart still lights up when he has a chance to trot around the play yard! It would be nice if someone could help this likeable old dog have some kindness and love for his last years - however many they may be. Bart is located at the WAIF Shelter in Coupeville.
